Twelfth ward mutual conjoint meeting, Sunday, September 25. David Wilson will speak and Mrs. Earl Pardee will read "The War Brides." Walter Stevens will render a solo. Musical selections by Crawford orchestra.

Charlotte Walker at the Alhambra continuously till midnight.

## A COMPARISON OF THE TWO FRANCHISES

THE NEW FRANCHISE GRANTED FOR 50 YEARS BY THE PRESENT COMMISSIONERS.

SECTION 4. That paragraph "First" of Section 3 of said ordinance be, and the same is, hereby amended so as to read as follows:

First: That the permission and authority hereby granted is subject to such laws of the State and Ordinances and Resolutions of the Board of Commissioners of Ogden City as are now in force or which may hereafter be passed, governing excavations in streets and the construction, erection or maintenance of poles, wires, conduits, or other erections or appliances now in use or to be used in the transmission and distribution of electricity in said city.

Section 5. The grantee, its successors and assigns, shall pay Ogden City for the privilege granted by this franchise:

First: No payment shall be required of the grantee prior to the 1st day of January, 1919.

Second: For the period of time from January 1, 1919, to January 1, 1920, one-fourth of one per cent upon the gross revenues of the company derived from the sale of electrical energy for lighting purposes within the corporate limits of Ogden City (other than municipal or school lighting).

Third: For the period of time from January 1, 1920, to January 1, 1925, one-half of one per cent on the gross revenue of the company derived from the sale of electrical energy for lighting purposes within the corporate limits of Ogden City (other than municipal or school lighting).

Fourth: For the remaining period of the life of this franchise, three-fourths of one per cent upon the gross revenues of the company derived from the sale of electrical energy for lighting purposes within the corporate limits of Ogden City (other than municipal or school lighting).

The term "gross revenue" as used in this Section, shall be construed to mean that sum which the grantee actually receives from the sale of electric energy for lighting purposes within the corporate limits of Ogden City (other than municipal and school lighting) as herein stated, and shall be determined from the books of the company at the end of each calendar year. A statement verified by the treasurer or auditor of the grantee, as to its truth and correctness, shown in its said gross revenue for the preceding year, shall be delivered to the auditor of the grantor on or before the first day of February in each year, and the payment aforesaid shall be made on or before the first day of March in each year for the preceding year. The books of said grantee containing the records of sale of electric energy for lighting purposes within the corporate limits of Ogden City shall be open for inspection and examination by the city auditor of the grantor at any time after the receipt of said statement, for the purpose of ascertaining the amount of such gross revenue.

The royalties herein provided for and the free service and reduced-rate service herein provided for shall be in lieu of any occupation or license tax upon the grantee, its property or business.

Section 10. In consideration of the premises, it is hereby agreed that if there shall hereafter be any new inventions or improvements that will materially reduce the cost of producing or distributing electrical energy for lighting, power or heating purposes, or if there shall be such an increased volume of the grantee's business in Ogden City as to materially reduce the cost of producing or distributing said energy, or, provided, further, if there shall be any conditions which shall materially increase the ratio of grantee's operating costs to its operating revenues or enhance the cost of producing or distributing electrical energy for lighting, power, or heating purposes, then, and in every such event, there shall be a reasonable adjustment by the Board of Commissioners of Ogden City, on the one part, and the grantee, its successors or assigns, on the other part, of the rates herein fixed.

In the event of disagreement between the parties, either in respect to the fact whether the said conditions have arisen, as above provided, or as to the amount of reduction therefor, or both, then the same shall be determined and ascertained by two competent and disinterested appraisers, the city and the said grantee each

### Misses' and Ladies' Coats

### THE OLD FRANCHISE, WHICH HAD 30 YEARS YET TO RUN.

SECTION 3. That said rights and privileges are hereby granted, subject to the following conditions, viz:

First—That the permission and authority hereby granted is subject to all laws, ordinances, and resolutions, now in force in Ogden City, or which may hereafter be passed by the state legislature, or City Council, authorizing or fixing the rates to be charged for electricity used in said city for light, heat, power, or other industrial or commercial purposes, and is also subject to such laws of the state, and ordinances and resolutions of the City Council which are now in force or which may hereafter be passed, governing the construction, erection, or maintenance of poles, wires, conduits, or other erections, or appliances, now in use, or to be used in the transmission and distribution of electricity in said city.

Section 4—(b) No occupation or license tax shall be charged the said grantee, their heirs or assigns, by said city for the use of the privilege hereby granted by this franchise prior to the first day of January, 1919. After the said first day of January, 1919, the said grantee shall pay in lieu of the free service of lights mentioned herein, such reasonable occupation tax yearly as the city council may determine; provided, that said occupation tax is not to be in a greater amount than the occupation tax to be charged and collected by the said city from any other person, persons or corporation holding a franchise from said city authorizing such person, persons or corporation to operate an electric light system in said city for the purpose of furnishing electric light and power to the citizens thereof.

Section 10—(b) It is further understood and

agreed that at any time after twenty-five (25) years from the acceptance of this franchise by the grantee herein, the City shall have the right to purchase the electric plant and the entire power and distributive system which shall be constructed by said grantee under and by virtue of this franchise from the grantee herein, at a price, not to exceed the cost of reproducing the said power plant and distributive system without charge for water power sites or fillings other than actual cost to the grantee, to be agreed upon by three (3) disinterested appraisers, one of whom shall be appointed by the grantee, and the other by the said Ogden City, and then the Governor of the State of Utah shall appoint the third, and in the event that the appraisers so appointed are unable to agree upon a purchase price, then the said City shall have the right to condemn in the manner provided by law for the condemnation of private property for public use; provided, that in the event the City should elect to purchase the said plant and the distributive system thereunder, or in the event that the City should acquire the said property by condemnation, that the value of the franchise or rights granted hereunder shall not be considered or taken into account in fixing said purchase price. Neither shall any allowance be made for water power sites or fillings on same other than actual cost to the grantee. And provided further, that if the said city acquires said plant and distributive system under any of the provisions of this franchise, that all rights and privileges granted hereby shall terminate and cease. And provided further, that in the event the said City elects to buy said electric power plant and distributive system, and the said grantee declines or refuse to name or appoint an appraiser, as herein provided, then and in that event the judge of the district court of the second judicial district in and for Weber County, Utah, upon application of said City Council, shall name such ap-

praiser for said grantees, and the acts of the said appraiser shall be as binding upon said grantees as if named or appointed by them. All rights and privileges granted by this franchise shall terminate and be null and void, and of no effect, should the said grantees, their heirs or assigns, transfer, either directly or indirectly, the rights so granted to any person or person or company, owning, controlling or operating a competing electric light system in said City.

### LEADING GOPHERS ON THE GRIDIRON

Captain Solon  
NOT HIS DESTINATION.  
A Mississippi River steamer was stopped in the mouth of a tributary

stream owing to a fog. An old lady passenger inquired of the captain the cause of the delay.  
"Can't see up the river," was the laconic response.  
"But I can see the stars overhead," said the old lady.  
"Yes, ma'am" continued the captain, "but until the boilers bust we ain't going that way."

SUDDENLY, AS IT WERE.  
Landlady (sympathetically)—Why, how did you fall downstairs, Mr. Lanks?

Boarder (with dignity)—Unexpectedly, ma'am.

TUSH, TUSH.  
She—What a lovely view!  
He—I'd like it better if you turned your face this way.
